PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience in building scalable web applications using MERN stack. Strong expertise in React.js, Node.js, MongoDB, REST APIs, and real-time systems. Proven ability to deliver production-ready features, collaborate in team environments, and continuously learn new technologies.

TECHNICAL SKILLS

Languages: JavaScript, Java, HTML5, CSS, SQL
Frontend: React.js, Next.js, TailwindCSS, Bootstrap, Responsive Design
Backend: Node.js, Express.js, RESTful APIs, WebSocket, JWT Authentication
Database: MongoDB, MySQL, Database Optimization
Tools & Technologies: Git, GitHub, VS Code, Postman, npm,
Specializations: MERN Stack, Real-time Systems, Generative AI

EXPERIENCE

Full-Stack Developer Intern <i>BigHost India Private Limited</i>	June 2024 – December 2024 <i>Nashik, Maharashtra</i>
- Developed and maintained production-grade full-stack web applications using MERN Stack (MongoDB, Express.js, React.js, Node.js), Built scalable MERN applications - Designed RESTful APIs with Express.js, reducing average response time by 40% through database indexing and query optimization - Developed responsive UI using React.js for better user experience	

PROJECTS

Full-Stack Chat & Video Calling Application <i>React, Express, MongoDB, TailwindCSS</i>	2024
- Built comprehensive real-time communication platform with messaging, 1-on-1 and group video calls, screen sharing, and call recording capabilities using Stream API - Achieved sub-10ms message delivery latency using WebSocket connections and optimized MongoDB queries with proper indexing - JWT authentication, and role-based access control	
Full-Stack E-Commerce Application <i>React.js, Node.js, Express.js, MongoDB</i>	2024
- Developed full-stack e-commerce website using MERN stack with secure JWT-based authentication and Cloudinary image hosting - Designed responsive, user-friendly interface with dynamic product listings, cart management, and admin dashboard for order control - Secured platform using JWT-based authentication with refresh token rotation, preventing unauthorized access	

EDUCATION

Sandip University <i>Bachelor of Technology in Computer Science and Engineering</i>	Nashik, Maharashtra June 2023 – Present
Guru Gobind Singh Polytechnic College <i>Diploma in Computer Science</i>	Nashik, Maharashtra Dec 2020 – June 2023

ACHIEVEMENTS & CERTIFICATIONS

Certifications: Accenture Nordics Software Engineering Course, Generative AI Course
Hackathons: Competed in SunHacks Hackathon and NASA Space Apps Challenge, collaborating with teams to deliver working prototypes
Technical Growth: Completed 10+ hours of coursework in Generative AI, and system design
Open Source: contributing with 100+ GitHub commits in 2025, maintaining multiple repositories
